WELCOME MESSAGE

FALS Colorectal 2019
Fellowship course in Advanced Laparoscopic Surgery (FALS)
28, 29 & 30 June, 2019 | Ahmedabad

Dear Friends,

Colorectal disease is a major surgical problem. Till recently controversies were there regarding the results of laparoscopic surgery specially in cancers. But current evidence suggests laparoscopy to be equivalent to open surgery with the extra benefits which come with all minimal access surgeries.

IAGES is in the forefront of training surgeons in all fields of minimal access surgery. We have for the last 3 years been doing advanced laparoscopic courses (FALS) in different sub-specialties.. This will be the 4th FALS Colorectal course. The course is being organized by Asian Bariatric, Ahmedabad, under the aegis of IAGES. There will be lectures, discussions, live operative workshop and expert panels to answer all your doubts and queries. This is the best opportunity to learn and that too from leaders.

Please don't miss this chance to be an expert Colorectal surgeon and register early, as the seats are limited.

Dr. Sayandev DasGupta
President, IAGES

Dr. Ramesh Agarwalla
Chairman, FALS Board
Trustee, IAGES

Dr. Sunil D. Popat
Hon. Secretary, IAGES

WELCOME MESSAGE

FALS Colorectal 2019
Fellowship course in Advanced Laparoscopic Surgery (FALS)
28, 29 & 30 June, 2019 | Ahmedabad

Dear Colleagues,

Greetings from Vibrant city Ahmedabad.....

It is great pleasure to inform you that Fellowship course in Advanced Laparoscopic Surgery (FALS) Colorectal of the Indian Association of Gastro Intestinal Endo Surgeons (IAGES) 2019 is going to be organized from 28th June to 30th June 2019 by GI surgery division of Asian Bariatrics, Ahmedabad.

As per IAGES vision, this course is designed to enhance skills as well as understanding to manage colorectal diseases.

FALS colorectal course is programmed with didactic lectures, debates, panel discussions, interesting video presentations which includes wide range of topics like:

- Assess strategies to minimize morbidity
- Assess the evaluation and management of simple as well as complex colorectal problems
- Compare methods of surgical management of rectal cancer
- Describe the techniques and results of transanal total mesorectal excision
- Discuss the newest procedures for fecal incontinence
- Debate the methods of treatment of rectal prolapse
- Compare the methods of managing inflammatory bowel disease
- Describe advanced therapeutic colonoscopy techniques
- Deliberate the benefits of interdisciplinary management of colorectal cancer
- Present innovative tools to improve outcomes

The course is aimed at fine-tuning the laparoscopic surgical skills of the practicing laparoscopic and GI surgeons. Senior Surgeons with a minimum of six years standing and experience in colorectal surgery shall be entitled to apply for Certification. Competition videos by participating delegates, carrying cash award for the two best videos.

You can also register for the course without going for Fellowship and update your knowledge in the specialty.

We invite you for the best of academics, gourmet, fun and social fiesta. Reserve your dates to join the grand event!

BACK TO BASICS

- Welcome address and introduction to course
 - Anatomy of colon, rectum and pelvis: a laparoscopic surgeon's perspective
 - Endoscopic diagnostic and therapeutic modalities (including emergency) for colorectal disease
 - Imaging in colorectal disease : from anatomy to molecular imaging
 - MRI Assessment for Rectal Cancer - Pre / post NACRT treatment
 - Pathology specimen and role of pathologist in colorectal cancer and its impact on outcome.
-

PERIANAL DISEASES: STILL A TROUBLING PROBLEM

- Technological advances in the management of Haemorrhoids / Mucosal prolapse / Obstructive defecation syndrome
 - Anatomical classification of anal fistula and its implications
 - New approaches to solving an age-old puzzle: VAAFT / LIFT / Setons for fistula in ano.
 - Pilonidal disease : management options
 - Quality indicators in the treatment of anal fistulas : assessment of available treatment options
-

PELVIC DISORDERS

- Pelvic floor dysfunction- diagnosis and management
 - Laparoscopic management of complete rectal prolapse- Anterior vs posterior rectopexy.
 - How I do it? Video rectopexy
 - In search of the optimal operation for rectal prolapse: the saga continues...review of literature
-

ACUTE COLONIC CONDITIONS: HOW TO DEAL CALMLY....

- Laparoscopic management of appendicular disease
 - Management of Diverticulitis: when to put knife....
 - Acute Left sided colonic obstruction : management options
 - Emergency to elective surgery for diverticulitis: Identifying the gap in care.
 - Conventional Versus Minimally Invasive Hartmann Takedown: A Meta-analysis of the Literature.
-

PART AND PARCELS OF COLO-RECTAL SURGERY

- Bowel preparation - Is it in or out? Critical appraisal of literature.
 - How to make an ideal stoma and management of stoma.
 - Management of para-stomal hernia: Prevention and Repair.
 - ERAS protocols in laparoscopic colorectal surgery : Current evidence
-

LUMINAL COLONIC VIEW: WHY AND WHAT TO KNOW....

- Approach to acute lower GI bleed
- Hereditary Cancer Syndromes: What the Colorectal Surgeon Really Needs to Know.
- Management of colonoscopic perforations: when surgeon comes in...
- Advanced Endoscopy: Raising the Bar for Detection and Non-Resectional Management of Advanced Polyps

SALIENT FEATURES A LAPAROSCOPIC COLORECTAL SURGEON SHOULD KNOW: (VIDEO LECTURES)

- lap right hemicolectomy
 - lap left hemicolectomy
 - lap low anterior resection
 - lap Abdominal perineal resections
 - Laparoscopic colorectal anastomotic options - Intracorporeal / Extracorporeal / Hand sewn / Side to side/ End to side stapling technique and extraction
-

HOW TO SEE FROM OTHER SIDE? (VIDEO LECTURE)

- different approaches of lap right hemicolectomy in different situations.
 - tips and tricks of Splenic Flexure Mobilization
 - High vs Low Ligation in TME
 - Prone vs Supine APER
 - Transanal Minimally Invasive Surgery (TAMIS)
-

ADJUNCT OF SAFE COLORECTAL SURGERY....

- Open, Lap, Robotic or Tatme for Rectal Cancer - Does approach matter?
 - Role of ICG in assessing LN, Mets and to assess bowel perfusion / anastomosis
 - Anastomotic Leaks - Incidence & management
 - Functional outcomes of sphincter preserving surgeries.
-

MULTIDISCIPLINARY TEAM'S VIEW TO RECTAL CANCER.....

- Short vs Long Course RT - Is there still a debate?
 - Post NACRT - Timing of surgery
 - Colorectal Liver Metastasis – Management options
 - Cytoreduction Surgery + HIPEC – patient selection is key
-

INFLAMMATORY BOWEL DISEASE

- Acute severe colitis- when surgeon should be called?
 - Emergency surgery for acute severe colitis- how to reach North Pole...
 - Tips and tricks of laparoscopic total proctocolectomy and pouch procedure (Video lecture)
 - Pouch related problems – how to deal.....
-

VIDEO COMPETITION FROM DELEGATES

May 4- 5 videos

CLINICAL EXPERIENCE

Attach additional sheet if required

- Total no. of open colorectal surgeries done uptil now: _____
- Numbers of Laparoscopic Colorectal surgeries done independently uptil now: _____
- Numbers of Laparoscopic Colorectal surgeries assisted or performed under supervision: _____
- Log book of Laparoscopic colorectal procedures attested by HOD : (Attached / Not attached) _____
- DVD of two different laparoscopic colorectal procedures: (Submitted / not submitted) _____

CATEGORY APPLIED FOR THE FELLOWSHIP

A) Non examination category eligibility criteria:

- Minimum 10 years experience after post graduation and minimum 7 years experience in Laparoscopic Colorectal surgeries independently / M.Ch or DNB in GI Surgery.
- Should have performed at least 30 laparoscopic Colorectal procedures independently
- Should attend fellowship course on all 3 days and appear for Interview
- Submission of log book of Lap colorectal cases certified by H,O,D. or self if working in his own set up.at the time of interview
- Submission of CD of recorded two different surgical procedure is desirable but not mandatory since recording facility is not available in every O.T.set up
- if the above criteria are not fulfilled he or she will be shifted to examination category

B) Examination category eligibility criteria:

- Minimum of 6 years experience in Laparoscopic surgery after post graduation including some experience in Laparoscopic Colorectal surgery.
- Should have performed minimum of 15 Laparoscopic colorectal procedures independently or under supervision
- Should attend Fellowship course on all the 3 days. Have to appear for written examination and interview. The written examination will have 10 short essay type questions. Read all topics before coming for fellowship course
- Submission of log book of Lap colorectal cases certified by H,O,D. or self if working in his own set up.at the time of interview
- Submission of CD of recorded two different surgical procedure is desirable but not mandatory since recording facility is not available in every O.T.set up

The written examination will have 10 short essay type questions /MCQ's. Read all topics before coming for fellowship course

PROFESSIONAL ACHIEVEMENTS

- 1, Publications: National / International
2. Paper presentations : State / National / International
3. Conference Organised : State / National / International
4. Laparoscopic Conferences attended
5. Chapters in text Book / Author of Book
6. Any other achievement / Awards / Honour / Recognition

REGISTRATION GUIDELINES

- FIAGES is mandatory for application for FALS course
- Log book is mandatory and has to be presented during the viva
- Written examination" 10 short essay type questions / MCQ's
- ** Resident in Training will have to submit a certificate from their Head of Department (HOD)
- Registration is mandatory for workshops and conference and all official proceedings
- Registration fees will be based on the date of receipt of payment
- Provide all the necessary details as required in the form & Provide us your updated email id ; it will be used for the registration receipt & for the conference communication purpose only
- Please preserve photocopy of all submissions for your record
- Registration fees include admission to the scientific hall, trade Exhibition, Inaugural Function, Lunches, Entertainment program, Banquet
- Organizing Committee shall not be liable in any form in case of changes in date / venue due to unforeseen reasons
- Conference Organizers are not responsible for postal delays / failure of delivery by post or failure of electronic communication
- Please produce the confirmation letter at the Registration counter during the conference
- Children below 8 years need not have to register as accompany person

CANCELLATION & REFUND POLICY

- On discretion of organizing committee and will be taken care on case to case basis after the conference
