Dear IAGESIAN'S

Greetings from the office of president IAGES. Here we are again presenting before you the happening in and around IAGES.

Last two months have been hectic with over 20 IAGES members attending SAGES at Seattle. Both me and Advisor Dr. Ajay Kriplani attended the meet as IAGES representatives and also the IFSES ANNUAL meeting and were special invites to dinner hosted to honour the Founder President's of IFSES. The knotting & suturing courses conducted by Dr. Achal Gupta & Dr. Jaya Maheswari were just superb and so also the Endoscopy programme conducted by Dr. Satyapriya De Sarkar at Midnapure in the memory of late Dr Gargi Bandopadhyay. I am thrilled at the desire shown by the members to conduct IAGES programs in their respective zones and that itself is an indication of IAGES becoming the most popular organization for surgeons looking to upgrade their skills.

The preparation for the historical first National Interventional Endoscopy course at Guwahati, the Annual IAGES 2019 at Bhubaneswar and the silver jubilee year celebrations overseas are in the full swing. There are many achievers in IAGES and I am sure more is yet to come.

Wishing to see you and meet you soon in the forth coming meets. Long live IAGES

Dear Friends,

The most exciting development for our beloved Association, thanks to the efforts of our Trustee Dr. Ramesh Agarwalla. Is the tie up with the Royal College of Surgeons. This will immensely benefit our juniors. We can send 20 trainees per year, so all those who are interested are requested to contact Dr. Ramesh Agarwalla, who is the overseas co-ordinator.

This is the 25th Anniversary of our Association and to commemorate, an international cruise cum conference is being organized which is the brain child of our President Dr. Subhash Khanna and Treasurer Dr. Ramen Goel. This will be the first time ever that IAGES will have such an event and already there is a tremendous response. For those who are interested to join the party will have to hurry, as the accommodation is limited.

Besides this we have academic activities one after another in the coming months. Please stay tuned and visit our website for details.

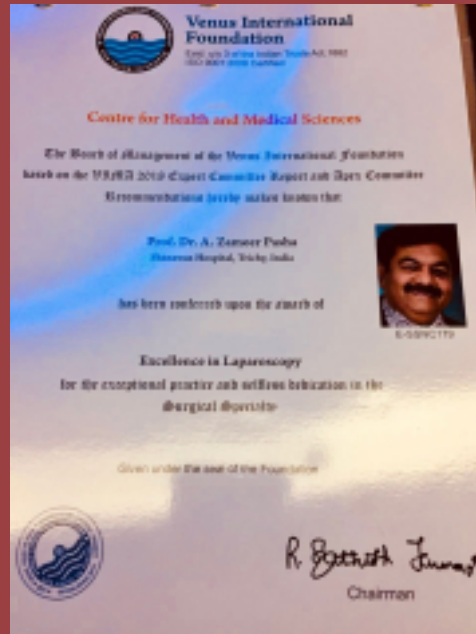

In February we have our annual conference at Bhubaneswar. Again I invite you all to register for this great event. A grand academic feast awaits you along with sight-seeing and cultural events. The organizers led by Dr. CR Das and Sreejoy Patnaik are working round the clock to make it a grand success. Please don't miss.

Jai Hind!!
