Presidential Message

Dear friends

Greetings from IAGES Central Office

IAGES has become one of the world's largest academically vibrant MAS associations with a committed panel of faculty and EC members.

This year we shall work on the 'Innovation, Safety and Excellence in MAS' theme. In addition to basic and advanced endoscopic and laparoscopic fellowship courses, we plan to conduct focused MAS Skill courses to teach the basics of laparoscopy and flexible endoscopy for the benefit of surgical postgraduates (DNB/MS).

IAGES PG MAS Training Course is a 2-day structured hands-on training course in the art and science of MAS for the budding surgeons under the direct supervision of an expert panel of faculty.

Postgraduates are expected to register as IAGES PG members while taking up this training initiative to be held in the beautiful coastal city of Kanyakumari.

Let us make this training course, a truly historical, path-breaking episode for surgeons in need of structured surgical training

Best wishes to team Kanyakumari for this wonderful training initiative.

Thank you.

Affectionately your's
